Full BYOD content sharing

With ClickShare C-10, you can start a meeting and get your content on screen within seconds. No matter the device you are using. Plug & Play with the ClickShare Button, that works perfectly on both Pc or Mac. Go for workflow integration with the ClickShare App on laptop, mobile or tablet. Or enable full BYOD on a 4K canvas: screen mirroring with Airplay, GoogleCast and Miracast works flawlessly.

Anyone, including guests, can share content wirelessly to the central room display with our one-click meeting experience. Two users can share side by side in full HD on screen. No cables, no software to download, no training needed.

Enjoy interactive, creative meetings

ClickShare C-10 users can benefit from advanced interactive features including local view of the room display, decide what you share (either a full screen or a single window), annotation, blackboarding and touch back support that allows users to control the touchscreen in the room. Designed especially to make your meetings richer and more dynamic. C-10 makes hybrid collaboration flow in your creative meetings, brainstorms and discussion in one click.
